

Certified teachers helping with homework

**State of the Art
Covid Measures**

STEM Challenges

Service Learning Program

Field trips for both learning and fun on all scheduled closings

Some photos taken prior to 2020-2021

Active Minds

Before & After
School Care

Where learning continues after school!

Program Highlights

Days Off:

Scheduled closings and snow days/delays included at no additional cost to families

Homework Help:

Certified teachers who are trained to teach common core foundation skills help kids on daily homework

Field Trips:

On all scheduled closings for both fun and learning experiences.

Service Learning Program:

Kids learning about a local community problem and take action to help solve the issue

STEM Challenges:

Fun problem solving games that teach kids teamwork skills and thinking outside of the box

Positive Behavior Incentive Program:

A program that reinforces positive peer to peer behavior with fun weekly incentives. Designed just like their school classroom.
